

FY 2004-2005 Monthly Educational Seminars

Objective: to provide a forum for agencies who are actively involved in national and local information exchange on perspectives and issues focusing on USACE water resource projects. Seminars are held on Tuesday, from 2:00 pm to 3:00 pm., at the Pacific Regional Visitor Center (RVC).

Who should attend? Federal, state, and local agency personnel, water resource engineers, water resource managers, environmental consultants, environmental policy managers, ecological scientists and researchers, and hydrological modelers. Participants will interact in an informal setting to review and summarize water resources research, planning and management activities.

For more information contact Iwalani Sato at iwalanisato@hawaii.rr.com.
